

TECHNICAL RIDER - IMPORTANT INFORMATION

- Following elements have to be provided by the organizer:
 - all microphones (excepted for saxophone and harmonica)
 - all cables
 - all stands
 - a **24-CHANNELS SPLITTER** to pick up each channel for in ear-monitoring
- No monitor necessary on stage as Bankrupt is providing and managing his own monitoring system (QSC-Touchmix 30 and wireless in-ear system). BANKRUPT will connect his system on the 24-channels splitter (provided by the organization).
- For monitor, the event organizer has to provided a 24-channels splitter for each of the 24-channels
- 3 Di Box have to be provided by the event organizer
- The band doesn't have its own sound engineer
